SUPPORTING THE DIGITAL TRANSFORMATION OF SOCIAL ECONOMY ORGANISATIONS DIGI:GO

SHORT TERM STAFF TRAINING EVENT

Due to the rapid outdating of information in modern societies, it's necessary for people around the world, especially those that are responsible for teaching and training, to update their knowledge on a daily basis. The DIGI:GO project implemented an LTTA in May 2023 for adult educators, VET providers, teachers, and other professionals from the social and education fields to help them reflect on their own professional practices. Besides, the transnational nature of the event will be an added value for the target group to further develop their teaching/training skills.

HOSTING ORGANIZATION

Between the 16th and 18th of May, CARDET (Centre for Advancement of Research and Development in Education Technology) hosted the Short-term staff training event at Nicosia, Cyprus receiving 2 participants from each organization. The event was conducted both presidential and online.

ABOUT THE TRAINING

Lasting two days, with logistical support from the hosting organization CARDET, the event started with all participants presenting themselves and an icebreaking activity.

On the first day, Proportional Message and The Square Dot Team presented the Toolkit Digital Skills Development (PR1), which included 4 modules: Information and Data Literacy, Communication and Collaboration, Digital Content Creation and concluded the day with the last module Safety.

On the second day, Proportional Message, CARDET and EXEO LAB put into practice the first 3 modules for the In-Service Training Programme (PR2): Discover the customer of SME, Sustainability and business model for SMEs and Develop & Test services/products for SMEs.

On the third day, EXEO LAB and CARDET put into practice the last 2 modules for PR2: Managing changes in SMEs and Placing SMEs products/services on the market.
During the afternoon of the third day, Innovation Hive put into practice the Foundations of eLearning and distance education, Learning Management Systems and Innovative Pedagogical Methods and techniques and Resources.
The event ended with feedback and an evaluation from the participants.
