We have news for you

The DIGI: GO project started in February 2022 and we have now been working on the project for more than 17 months. The evolution of the project is very noticeable and we want to let you know that the partners are working hard to deliver the best materials as soon as possible.

Transnational project meeting in Potenza

Recently, the DIGI: GO consortium met in Potenza, Italy on July 19th for the third Transnational Project Meeting. The partners had the opportunity to discuss the project next steps. We discussed the status of Project Results (PRs) 2, we established the next steps for the E-Learning Platform, a work plan for PR4 and we established dates for future events.

Updates

- Each partner will organise a Multiplier Event during the month of November
- Final conference will occur in Bonn in January 2024 to present the project.
